1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 21: line 1, "20" has been changed to --12--.

1. The following is an examiner's statement of reasons for allowance: the amendment filed 11/17/2003 has overcome the prior art of record. The prior art of record fails to teach or fairly suggest a voltage divider circuit coupled to said first power supply and said second power supply and between said second power supply and ground as called for in claims 1 and 12. Therefore, claims 1-22 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
